

## Raghavan Iyer on Symbolic Alphabet

### “Spiritual Evolution”

in *Theosophical Tenets* (Concord Grove Press, Santa Barbara, California)

The central tenets of *Theosophia* are not derived from any ancient or modern sect but represent the accumulated wisdom of the ages, the unrecorded inheritance of humanity. Its vast scheme of cosmic and human evolution furnishes all true seekers with the symbolic alphabet necessary to interpret their recurrent visions as well as the universal framework and metaphysical vocabulary, drawn from many mystics and seers, which enable them to communicate their own intuitive perceptions. All authentic mystical writings are enriched by the alchemical flavor of Theosophical thought....Theosophy is an integrated system of fundamental verities taught by Initiates and Adepts across millennia.
